

HOW GREAT IS OUR LORD AND OUR GOD IN HIS CREATION

VOLUME 1

Brothers and sisters in the Lord our **GOD** , how great is our **GOD** ; how great is our holy Maker. Where, you and me, can we start, and where can we end, on meditating on the wonders of **GOD** . May He help you, help me, help our families with wisdom, which will guide us of knowing how great He is.

1. How great is our Lord and our **GOD** , the Maker of all what we see, and those we have never seen, and the many, so many, we shall never see, which are in the space, which are underneath the waters, in the lakes, in the rivers, in the rocks, and under the rocks.

2. How great is our Lord and our **GOD** , in all which are in the sky, the moving elements there are in the sky; the tens of thousands of different sizes of stars.
How great is the Lord.
3. How great is our Lord and our **GOD** , in different shapes of mountains, and purposes of those mountains.
4. How great is our Lord and our **GOD** , on the mountain Everest, so big, so tall, so cold, then how great is **GOD** .
5. How great is our Lord and our **GOD** , in the vastness of the seas, the Atlantic ocean, the Indian ocean, the Pacific ocean, so wide beyond human understanding, so helpful to mankind, in terms of fish feasts from them daily, in terms of transportation of thousands upon thousands of tons of assorted cargo daily; then how great is our Lord and our **GOD** .

6. How great is our Lord and our **GOD** , in the different winds of different levels in space, in different countries, and for different times, and for different purposes; what do they teach mankind? What message of **GOD** do they bring to us mankind? Messages of the harshness of **GOD** , messages of the goodness of **GOD** , messages of the goodness of the rains, messages upon messages. Then, and then, how great is the Lord and our Maker, forever and ever.
7. How great is our Lord and our **GOD** , in the creation of different types and sizes of fishes there are in the world? In their uncountable billions? In their different sizes, each different type, in their different colours, in their different tastes, in their different shapes of bones? Then, and then, how great is the creative holy hands of our Lord and our **GOD** . Glory upon glory to Him in the highest.
8. How great is our Lord and our **GOD** , in the different sizes of birds, in their different colours, in their different tones of singing, worldwide. They look

different, because of the glory of **GOD** . They look so beautiful, because of the glory of **GOD** . They sing so well, because of the glory of **GOD** . They whistle different tones of music, because of the glory of **GOD** . With their different nature of nests, because of the glory of **GOD** . Some birds are tall, others are lengthy, others they weigh no kilogrammes, but their speed remains a wonder to mankind. Then, and then, how great is our Lord and our **GOD** , forever and ever.

9. How great is our Lord and our **GOD** , in the creation powers of His, in the wild beasts there are in the Universe? Who can number them? Who can feed them? Who can organize them? Who can direct them? Who can teach them and they obey him? **GOD** created them so beautifully, and mushroomed them in the world. **GOD** gave them different abilities, enabling each one the knowledge of defending itself, of looking for its food, of serving mankind in different ways. When they start talking their own language, mankind is nowhere to be seen, when they become stampede, mankind is gone,

when they shout, mankind – the stomach trembles, and when they are angry, mankind is seen no more. Then, how great is our Lord and our **GOD** who creates, and who recreates; who fashions, who empowers, and who disables. How great is our Lord and our **GOD** .

10. How great is our Lord and our **GOD** , in the powers of winds. He powers the winds, to bring His message to mankind. He uses the wind to wipe away houses within seconds, houses which take mankind years to build, the powerful winds of **GOD** sweep them like rubbish: within a few minutes the work of man is destroyed. The how powerful is our Lord and our **GOD** , forever and ever. How great is His greatness in the Heavens. How great is His greatness in the space, and on Earth, how great and how great. May He remain **GOD** of Abraham, of Jacob, of Elijah, forever and ever. Amen.

11. How great is our Lord and our **GOD** , in His creation of power (earthquake) : they shake the ground, and they bury all the works of mankind. Houses built

within years, within seconds are buried, and mankind's work is gone. The earthquake shakes cities, and the rulers panic. Those who joke with the powerful hand of **GOD** get to be buried. Then how great is our Lord and our **GOD** . May His holy name be praised in Heaven and on Earth. May His holy name be praised in our families and our societies. May His holy name be praised by all mankind, may His holy name be praised by all the birds of the air, all the beasts of the wilderness, all the fishes of the waters.

GOD GOD GOD ,
is to be venerated,
is to be glorified,
is to be respected,
forever and ever.
Amen.

12. How great is our Lord and our **GOD** , in the rains. The different volumes of rain, the different pouring levels, and the different purposes of these rains,

ever since the world was made, and until the end of the world. How many trillion of billions of litres has **GOD** ever poured on Earth, and yet to pour, until the end of the world. His rains have watered how many trillions of tons of food for mankind? And how many billions of people have fed on that food, watered by **GOD** ? Where are the storerooms of these rains? (Job:38, 39, 40 41, 42). Then, and then, how great is our Lord and our **GOD** , forever and ever.

13. How great is our Lord and our **GOD** , in His works of snow, in His divine mighty works, He rains snow as if it is rain; what a wonderful and powerful **GOD** . He snows the ground and it becomes covered. He builds up mountains of snow, for example the glaciers, and others. He leaves the Arctic and Antarctic permanently covered in snow, making snow the only ground known in these areas. He uses snow to punish the imprudent mankind, teaching mankind many lessons of fearing Him, telling mankind **I AM WHOM I AM** Do not joke with Me; Do not minimize Me; Do not, do not, do not ... Ask

yourself where are you on that Do not ... The Russian snow, the American snow, versus the Namibian Kalahari, the Sahara Desert; the wonder works of our Lord and our **GOD** , the unique divine hand of His in Creation. Then, and then, how great is our Lord and our **GOD** . You and me, may we fear Him. You and me, may we love Him and serve Him. You and me, may we bow down in awe before Him; as He told Moses - take off your sandals because you are standing on holy ground. Then how great is our Lord and our **GOD** . How divine is He. How holy upon holiness is He. Great wisdom is His nature. Greatness is His footstool. Full of unlimited Sciences. Then, how great is our Lord and our **GOD** forever and ever.

14. How great is our Lord and our **GOD** , in the creation of the sun. Which mankind knows the years the sun has lived? Which mankind knows the material He made it out of? Which mankind knows the size of the sun? Which mankind knows its weight? Which mankind knows its temperature? Which mankind will ever land on the sun? The wonder works of our

Lord and our **GOD** , the **I AM WHOM I AM** .
Which mankind will ever know the secrets of holding
the sun in space? When it burns, soils crack, rivers
dry up, branches of trees dry up, man and animal
miss what to eat, the wonder works of our **GOD** .
When it is absent, in the desert night, it becomes
freezing cold. The wonder works of our Lord and
our **GOD** , the untouchable one, the non-
compromising one, the non-jokeable upon, who can
turn upside down, all what man has done in years
and years. He is **GOD** , He is ever **GOD** , and He
will remain **GOD** forever and ever. You and me,
while we are still alive, you and me while we are still
breathing, may we change. As His Son JESUS our
Saviour, in Luke 13:1-6 said Change, or perish. Ask
GOD from now on, for you and your family, ask
GOD to give you the gift of changing. A gift of
humbleness before Him, a gift of prudence before
Him, and a gift of wisdom of loving Him and of
serving Him. Then, and then, how great is our Lord
and our **GOD** .

15. How great is our Lord and our **GOD** , in His timings of different years, for different times and generations. Genesis 5:1 onwards:

- ~ Adam lived for 930 years,
- ~ Seth lived for 912 years,
- ~ Kenan lived for 910 years,
- ~ and others of that time lived very long life compared to 100 or 70 or 40 years of ours today.

How great, then, is our Lord and our **GOD** .

We pass away unceremoniously: where are the Napoleons, the King Henry VIII, Emperor Haile Selassie etc. etc.

They all went unceremoniously, never to come back.

In all this, if mankind we have wisdom, **GOD** is telling us, fear Me, obey Me, keep my commandments, for I am your **GOD** and your Lord, the **I AM WHOM I AM** .

16. How great is our Lord and our **GOD** , in His creation of crops. Different types of crops there are in the world, to take away the hunger on mankind. Different crops and trees to appease the hunger of animals and birds. The unlimited sciences and wonders of **GOD** . Fail to eat for some days and you will be calling death upon you. How **GOD** connected food to mankind? How **GOD** connected rain to sprout the food for mankind? How **GOD** created the sun to bring warmth to the different crops to make food. Then, and then, who is like **GOD** ? Who can compare himself to **GOD** , except if he is a day-dreamer. He, **GOD** , who commands the winds to bring calamities to mankind, and man cries like a baby of yesterday; He smashes the bigheaded. (Jeremiah 15:1-21, and Jeremiah 7:1-34). Pharaoh had to become speechless Exodus 6, 7, 8,9,10, 11, The death of the first borns. Then the Lord told Moses 'One more plague will I bring upon Pharaoh and upon the Egyptians, after that he will let you depart, in fact he will not merely let you go, he will drive you away. Instruct your people that every man is to ask his neighbor, and every woman her

neighbor for the silver and gold articles and for the clothings.’ The Lord indeed made the Egyptians well disposed towards the people Exodus chapter 12, 13, 14, and 15. Then, then, how great is the Lord our **GOD** .

17. How great is our Lord and our **GOD** , in His holy divine creation of the five continents there are in the world, hosting people in these different continents, they are talking different languages; the glory of **GOD** , people in these five continents, they have different colours, different likings of food, different way of building and living, others are tall and others short, others are 40kg and others 200kg, others are brown, and others are creamish; the wonders of our Lord and our **GOD** . You and me, may we fear Him. You and me, may we love Him. You and me, may we serve Him.

18. How great is our Lord and our **GOD** , in His divine creation of thunders, He created the thunders and He put patterns for them, and He put the timetable for them., for different ages, passing the message to

us mankind, telling us mankind to obey Him, and to fear Him, and to adore Him. What a wonderful **GOD** , what a divine **GOD** . May His name be blessed in Heaven and on Earth.

19. The different thunders, the wonder works of our **GOD** , the greatest wisdom in creation, which are beyond out small nothingness, then **GOD** is to be feared. When the thunder thunders we are put to nothing, however big-headed we could be, however billionaires you could be, when **GOD's** thunder thunders, our small stomachs tremble, our eyes start looking for help; we start trembling to death, and we become so helpless. The wonders works of our **GOD** .

When **GOD's** thunder thunders, the sea waters become wild, and bolts start droning. When **GOD's** thunder starts thundering, the winds and the atmosphere becomes furious, trees start falling, the wonder works of our **GOD** , whose name is **I AM WHOM I AM** . How great is **GOD** ? How divine is

our Maker? How majestic is our Lord and our **GOD** . You and me, in the four corners of this world, may we fear Him, may we love Him, may we serve Him, He is the **Alpha and Omega** .

When **GOD's** thunder thunders, the wild animals go in hiding. They get terrified, though they are wild, strong, but their strength gets reduced to nothing. The tamed animals hide away, in panic, in fears of **GOD's** works. The birds of the earth cry for their safety, calling **GOD** to save them. Then to you, then to me, then to our families, how great? How powerful, how divine is our Lord and our **GOD** . Wherever you as you are, whatever age you are, fear the Lord, let your heart bow down before Him, the **GOD** of Abraham, the **GOD** of Isaac, the **GOD** of Jacob; how great He is.

Once **GOD's** thunder thundered in a coastal town of Kenya called Mombasa, for two consecutive nights, of dry thundering, lasting about 6 hours each night, among the residents of these town, had to

flee the town using any possible means, to go to the capital city Nairobi, which is 800km away. The wonders works of our **GOD** . The shaking command of **GOD** to us mankind. What a powerful **GOD** . What a divine powerful **GOD** our Creator and our Lord.

In DRC Congo, in the equatorial forest, a place called Mangre Jipper, 2 hours flight from the capital Kinshasa, **GOD's** thunder thunders the place until big and tall trees of 40 to 60 metres start falling like cut grass; birds and monkeys die in panic, not knowing what to do next. May, and may, the **GOD** of Abraham, the **GOD** of Jacob, the **GOD** of Elijah, be respected in Heaven, be venerated in Heaven, and on Earth. For anyone who was joking with Him, starting by today, stop any jokes with **GOD** ; for anyone who is doing jokes with **GOD** , or who was planning to do jokes with Him, let him go to the riverside and start joking with the crocodile, and sees whether he will come back alive; or let him go in the wildlife park and start dancing with the lion, and he sees whether he will come back alive.
