GOD THE HOLY SPIRIT directs all motions there are in Heaven and on Earth.

- ~ GOD THE HOLY SPIRIT is the Paraclete. Amen.
- ~ GOD THE HOLY SPIRIT is divine. Amen.
- ~ GOD THE HOLY SPIRIT is the custodian of all the visible and invisibles, which are on Earth, under the Earth, in the Waters, in Space - the galaxies, the Jupiters, the burning sun, the moon, the stars in their thousands upon thousands, and of all what we do not know.

GOD THE HOLY SPIRIT – THE SANCTIFIER

1) He empowered and anointed the Apostles. In His divine goodness, may He anoint you all, may He anoint your families and your nations, may He heal your sicknesses, may He heal those you know and those you do not know, may He touch those near you and those far away.

2) May He, GOD THE HOLY SPIRIT , visit you and all of those of yours, wherever they are in the world, and change them, and graft them, and rebuild them in His Spirit.

3) The bad in your people, the bad in your family, the bad one in your countries, may GOD THE HOLY SPIRIT change them to be good.

4) May GOD THE HOLY SPIRIT transform those who are living in hardships of different dimensions to the choice which comes from Him.

5) May GOD THE HOLY SPIRIT's blessing encounter your young ones and your mature ones.

6) May His graces and blessings envelope you and your family, you and your work, you and your marriage, you and your studies, endlessly, may He bless you.

Mankind you and me, may we day after day force our simple selves, to know and accept the bitter truth that before God , we are nothing. That before God , we know nothing. That before God we are completely nothing.

7) May you my brothers and sisters worldwide meditate well on our nothingness, and you and me, may we give glory and honour to Him, who is everything.

REMARKS

You and me of today, you and me, beloved, you and me under the sun today, we reflect back from now to 500 years - that is year 1517 in the 16th century, and we ask ourselves these questions, we of today:

For example, in the year 1517, did anyone at that time, ever think and know that in the world:

- (a) will there be laptops,
- (b) will there ever be a super-computer,
- (c) will there ever be a space shuttle,
- (d) will there ever be an aircraft,

- (e) will there ever be an electric train,
- (f) Cargo ship as big as OOCL Hong Kong
- (g) Cruise ship as big as MS Harmony of the Seas
- (h) would they ever imagine that there will be touch screen phones,
- (i) at that time in the 16th century, did they ever imagine that there will be a car, a lorry, mountain bike?
- (j) could they ever imagine that there will be speed boats?
- (k) could they ever imagine that there will be amplifiers and medical scanners?
- (l) could they ever imagine ?

8) Like it or refuse it, by now, 2017, these things have happened. Then those who, in the

16th century, thought that they knew; those who thought they were top scholars; those who thought they were wise and clever; indeed they were fooling themselves - for they did not know anything ahead of them. You and me today, we could wonder whether they lived or they did not live, but the reality is that they did live.

9) People of GOD , children of GOD , when we sit down nicely and we think of this, you will find that,

Each generation after generation, GOD Himself allows it to know what He has in package for them, and allows not to know what is not for that generation.

This is His will;

These are His magnificence;

This is why He said I AM WHOM I AM .

May His Holy Name be blessed, and be blessed,
in Heaven and on Earth.

- ~ May His holy name be glorified by all mankind. Amen and Amen.
- ~ May His holy name be loved by all mankind. Amen and Amen.
- ~ May His holy name be venerated by all mankind. Amen and Amen.
- ~ May His holy name be celebrated by all mankind. Amen and Amen.
- ~ May His holy name be jubilated by all mankind. Amen and Amen.
- ~ May His works give praise to Him. Amen and Amen.
- ~ May His Holy Name be feared by all mankind. Amen and Amen.

- ~ May His Holy name be glorified in Heaven by the Cherubim and Seraphim. Amen and Amen.
- ~ May His Holy name be celebrated by all the Angels and Saints. Amen and Amen.
- ~ May His Holy name be glorified by Mother MARY. Amen and Amen.

For those who lived in the 16th century did not know and did not see what we know and what we are seeing, their not knowing of what was to come after 500 years, is our very not knowing of what will be there in the year 2517. With our limited brains and focusing, we know nothing of the future. We cannot grasp how the world will be by the year 2517. Life will not be as we are seeing it. Ways of life will not be the same as we are having. The computers we

are having today, the touch screen we are having today, the dreamliner aircraft we are having today, the laptops, the space shuttles, the cars and buses, the technologies, will be considered at that time, in that year, to be toys, jokes, and imitations. And the people at that time will wonder whether we, the people of today, had brains, and people at the time 2517 will question themselves whether we of today knew anything about science, for because people of that time will look at our sciences of today and consider our sciences as rubbish. In all these circumstances, in all what is troubling us to find in space wherever, the only and only answer to all the above discoveries, the beginning and final answer to you and me and to our fellow mankind, may we fear GOD , with all our hearts, with all our minds, with all our deeds. **May we fear GOD , may we obey GOD**

, may we respect GOD . May we call Him ABBA, FATHER , for He is the beginning of all the sciences, known and unknown to mankind – the Alpha and Omega.

REMARKS

What a magnificent GOD , what a divine GOD , what a holy GOD !

Compared to our simple nothingness, we mankind.

- » Among men, who can create rains?
- » Among men, who can create the clouds?
- » Among men, who can create the airs?
- » Among men, who can create water?
- » Among men who can create stones?

And kindly read Psalm 119, and Psalm 131, and Psalm 148. These Psalms will help you to reflect on GOD's even majesties.

GOD is to be feared, GOD is to be venerated, for He is holy, for He is divine, for He is the I AM WHOM I AM forever and ever. Amen.

People of GOD , beloved ones of GOD , my brothers and sisters:

The book of ECCLESIASTES:

- chapter 6 verse 1 to verse 12,
- chapter 7 verse 1 to verse 29,
- chapter 9 verse 1 to verse 18, and
- chapter 2 verse 1 to verse 26, and

The book of WISDOM

- chapter 6, the whole of it,
- chapter 7, the whole of it,
- chapter 8, the whole of it, and
- chapter 9 verse 1 to verse 18;

These two holy books, kindly upon kindly, read them, and re-read them. Through them GOD will open up more understanding on the mysteries of His, and you will deepen yourself in fearing Him, in respecting Him; Him and Him alone.

The power of GOD and mysteries of GOD are visible in our day to day life. For example the climate, the winds, the waves, the sunshine, the being born, and the dying, the animals in the wilderness, the birds of the air; these are all mysteries which are beyond our human contemplations and imaginations.

GOD GOD GOD
IS TO BE CALLED GOD

He is to be known as GOD .

He is to be respected by all mankind.

You can imagine, you can contemplate, on all the powers which drive creation and what is in the world:

- » the powers which drive all the fishes in the waters.
- » the powers which drive the birds in the air.
- » the powers which guide mankind worldwide, so that mankind moves and gets what to eat and what to do.

These are divine and divine mysteries.

May His Name be blessed forever and ever.

Amen.

People of GOD, beloved ones of GOD , servants of GOD , my brothers and my sisters worldwide:

For all what was seen by Adam and Eve, for all what was seen by Abraham, Isaac, Jacob and Elijah, and for all what we are seeing today, until the end of the world, the Sanctifier, GOD THE HOLY SPIRIT , divinely sanctified them, and divinely sanctified the work of GOD THE FATHER in His works of Creation.

How big are the Works of GOD !

How holy these divine Works of His!

May His Name be blessed in you, in me,
forever.

AMEN.
